

# Virtual Care

See a doctor or therapist – anytime, anywhere!

With Accolade’s virtual care service, PlushCare, you can see and speak with a board-certified doctor or therapist right from your phone, tablet or computer.

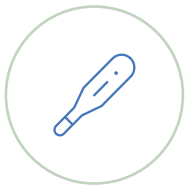

## You have access to:

- Doctors who have trained at the top 50 U.S. medical schools
- Same-day virtual primary care visits
- Physical and mental health support
- 24/7 support from your Care Team

## What We Treat

Virtual care can be used for many of the same medical reasons you currently visit your doctor, such as:

### Urgent Medical Issues

- Cold and flu
- Urinary tract infections
- Sinus and bacterial infections
- Rashes

### Ongoing Conditions

- Diabetes
- High blood pressure
- Anxiety or depression
- Asthma
- Thyroid Disorders

### Everyday Care

- Prescriptions and refills
- Birth control
- HIV prevention (PrEP)
- Preventive care and screenings
