

# Introducing the first pay-for-performance network in mental healthcare.

Candela measures our providers' performance in real-time, ensuring the highest quality network and care for your team.

Provider name	Provider role	Number of patients	Quality score	Remission metric	Depression metric	A
Gina Wilkins	Therapist	26	10	1	1	
Phillip Racies	Therapist	13	9	1	1	
Gerardo Sorkin	Therapist	20	9	0	1	
Jeffrey Friedman	Therapist	9	9	1	1	
Jennifer McKinney	Therapist	9	8	0	1	
Keri Nider	Therapist	10	8	1	1	
April Tinajero	Therapist	13	8	0	1	
Shabnam Jesgar	Therapist	34	8	0	1	

## Candela measures quality using both **clinical** and **operational** metrics

Depression and anxiety improvement

Depression and anxiety remission

Appointments kept and completed

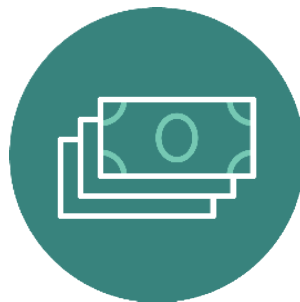

Average hours available per week

Patient satisfaction

... and more!

## A results-driven network, powered by data and insights:

### Better performance

We incentivize quality care by rewarding our top providers with a cash bonus.

### Maximum affordability

Improving care quality decreases time-to-remission, drastically reducing costs.

### Consistent improvement

We coach providers to review performance and provide strategies for improvement.

## The best provider network for your team:

1.1

avg time to appointment

10+

specialty areas

3x

diversity of the standard network

9.4

average patient satisfaction score
