Support employee breast milk shipping**

LACTATION SERVICES AND SUPPORT

Insurance Covered Breast Pumps

This service helps parents learn which breast pump will be best for them and enables them to order their free insurance covered pumps. Once their breast pump is delivered, parents can benefit from "unboxing support" where they can learn how to assemble and use their pump.

Breast Milk Nutritional Testing

This service provides a complete nutritional analysis of breast milk, including detailed explanations and actionable insights to make the breastfeeding journey as empowering as possible.

Virtual, On-Demand Lactation Consultations

Provide unlimited, virtual, tele-lactation support to help new parents get access to expert breastfeeding advice from the comfort and safety of their own homes.

Milk Stork has seamless integrations with Family Benefit Platforms like Ovia Health, Cleo, and BenefitBump.
