

Our mission: Inspire our clients to take charge of their health by facilitating and delivering comprehensive corporate wellness programs

Our purpose: Shift the focus of healthcare from reactive medicine to proactive preventive care

What We Do

We provide convenient on-site corporate wellness programs. This is our core competency. Through new health care legislation, we offer our clients **insurance paid preventative biometric health screenings & vaccinations with no co-pay, no deductible and no co-insurance.** For self-funded companies, we offer a discounted company invoiced option.

Who We Are

We are Idaho's only comprehensive on-site wellness company, providing preventative health services to the state of Idaho since 2001. We have administered 5,000+ clinics and provided services for 200,000+ participants.

What Makes Us Different?

We recognize that every company is unique, so our programs are never one size fits all. We "hold our clients' hand" through the journey and customize our services to enable participants to achieve their health goals.

Biometric Health Screening Panel:

-  LIPID PANEL
-  THYROID SCREENING (TSH)
-  PROSTATE SCREENING (PSA)-men only
-  DIABETES (HEMOGLOBIN A1c)
-  COMPLETE BLOOD COUNT (CBC)
-  COMPREHENSIVE METABOLIC PANEL (CMP)
-  BODY MASS INDEX (BMI)
-  BLOOD PRESSURE

Credentialing: Preventative Health (NPI# 1922377027) is a contracted provider for Blue Cross, Regence Blue Shield, Pacific Source, United Healthcare, Aetna, Altius, Medicare and others. Please contact us to verify our provider status as some payors list credentialing status under our Medical Director or individual providers.

-  For every \$1 spent on a comprehensive wellness program, ROI = \$3-\$5
-  Preventable illness make up 75% of illnesses and associated costs...yet <3% of healthcare costs are spent on prevention
-  95% of our nation's health expenditures are committed to diagnosing and treating disease only after it becomes manifest
