

SyncStream's Full-Service Total ACA™ solution offers the complete toolset needed to properly track, manage, file and defend your Affordable Care Act compliance.

Total ACA includes tracking and reporting of variable hour employee tracking, managing plan information and enrollment data, and populating codes.

Total ACA's team of Compliance Experts guides you through the year-end process of printing and mailing of 1095 forms and E-Filing of 1094/1095 forms to the IRS.

## SyncStream's Total ACA Solution Includes:

### Dedicated Compliance Expert

Your company will be assigned a Total ACA Compliance Manager to guide you through compliance education, solution performance and the year-end filing process.

### Everything You Need To Complete Forms 1094 & 1095

Populate employee statements and generate yearly IRS reports.

### Accumulate Employer Tracking

Track your employees using payroll data and monthly measurement methods.

### Accurate Monthly Monitoring

Monthly Reports notify you on necessary offers of coverage, helping you stay up to date and in compliance.

### Filing & Forms Distribution

Experts guide you through the year-end process of printing and mailing of 1095 forms and E-Filing of 1094/1095 forms to the IRS.

### Real-Time Penalty Risk Identification

Experts will alert you to coverage needs and cost calculations to minimize IRS penalties.
