

NEW! TAViTrack

Tired of shuffling paperwork back and forth and trying to manage your wellness program with a spreadsheet? Have you grown weary of paying top dollars for a wellness web portal loaded with flashy bells and whistles that your employees don't use?

Let's face it. What you really want is an affordable solution that allows employees to log and track their wellness activities and gives you reporting and communication capabilities that make it easy to manage the wellness program.

And that's exactly what our new TAViTrack Platform offers! New this year, the TAViTrack Platform is customized for your organization's unique wellness strategy and provides online tracking of wellness points or credits.

- Customized trackers to impact health behaviors that are a priority in YOUR organization.
- Employees are able to log and record completion of any wellness activities (from smoking cessation classes to biometric screenings to physical activity programs) that you chose.
- Ability to upload and approve verification documents from your employees.
- Award points or credits for completion of wellness program requirements.
- FREE mobile app allows your employees to track wellness 24/7.
- Real-time scoring for your employees.
- Reports that provide you with the information you need to manage your wellness incentive strategy efficiently and effectively.

Package TAViTrack with Web-based Wellness Challenges!

TAVi Health prides itself on providing innovative and easy-to-implement incentive challenges at a price-point that makes sense for any sized business. (YES... even small to medium-sized organizations!)

Our six-week challenges are fun, engaging and are designed to impact a number of health behaviors. We also offer one- and two-year subscriptions that take your wellness program to a whole new level!

Each challenge includes full access from the desktop or through our FREE app, which runs on Apple, Android and Windows operating systems. We also have a mobile optimized website for those running a different operating system.

And when you simply complete a demo of one of our challenges, we will provide you with an easy-to-understand estimate that includes a breakdown of set-up and per-user fees.
