

# Discover our Ecosystem

Castlight's Ecosystem allows employers to connect all their health, well-ness, and benefits vendors, all in one place. Our open architecture allows integration with any third-party vendor, including Castlight Ecosystem Partners, non-Partners, and homegrown programs, allowing the Castlight platform to grow and evolve over time with employer needs.

## For Employers

Castlight's digital health ecosystem features leading vendors that address the mind, body, and wallet.

### Expert support for partner selection

Every organization has its own unique needs and priorities, working with you and your benefit advisor, Castlight can help you choose the partners that are right for you.

### Streamlined vendor management

Simplified procurement using one umbrella contract for all vendors, while offering account management and user support.

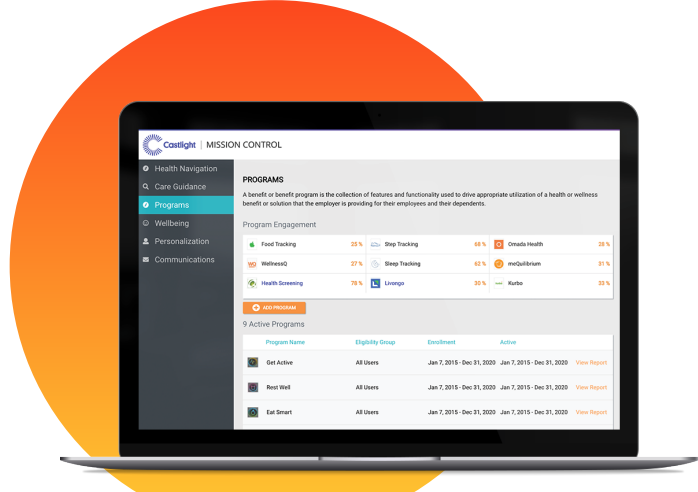

### Sustained employee engagement

Using proven techniques, such as everyday rewards, personalized recommendations, and game mechanics, your employees will stay engaged.

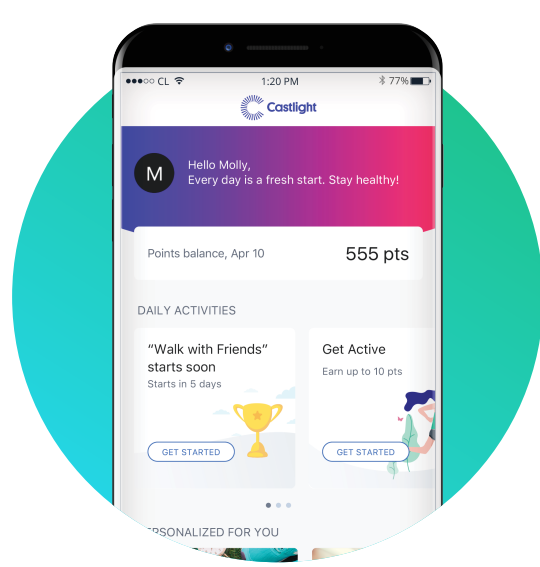

### Crystal clear measurement

Tracking effectiveness of partner programs is easy in one comprehensive dashboard that allows apples-to-apples program comparison and report segmentation.

View real-time metrics to gain insight into your employee population using Mission Control.

## For Employees

Castlight Genius ensures a personalized experience, with tailored care recommendations, for every employee.

### Made just for you

Each employee experience is unique, with timely recommendations based on where they are on their health journey.

### Guided support for health goals

Big health goals are broken up into small, bite-sized steps. Deep data exchange keeps track of progress, making it possible to reward improvement every day.

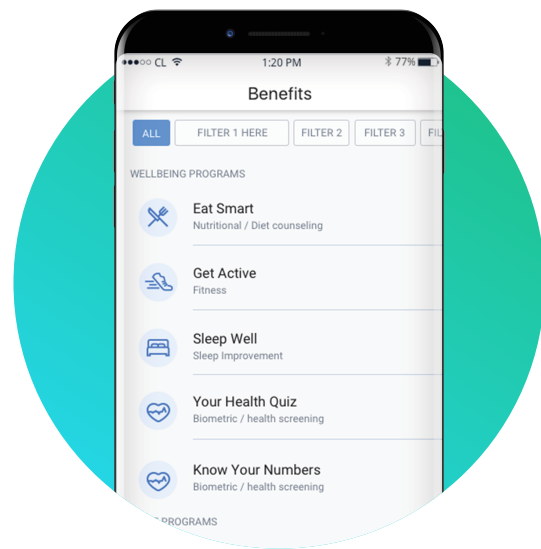

### One log-in to rule them all

Log-in once through Castlight and that's it—no need to remember multiple passwords or usernames.

### Everything you need, all in one place

Find everything you need (and even things you didn't know you had!) in one easy-to-use app.

Benefits are easily accessible, and the Castlight app guides employees to finding the right benefits, at the right time.
