

Supporting working parents

Built by working parents, for working parents, Kinside connects families to open spots and savings at child care providers they love. Kinside’s nationwide network taps into dynamic open spots at daycares, preschools, camps, and afterschool programs across the country, while our full service concierge matches parents with the perfect program based on their unique needs.

Features

Partner Network

Dynamic openings, priority spots and pre-negotiated rates at top rated providers, including the biggest brands nationwide, where your employees live.

Annual Savings

Kinside’s pre-negotiated rates and seamless payment system empowers parents to save up to to 30% on their annual child care costs. Average per parent savings of \$2,000 annually.

Parent Matching

The one thing all working parents have in common: not enough hours in the day. Our concierge team saves parents weeks by matching them with their perfect program, booking tours and more so they can focus on what matters most.

Perks

Kinside’s perk marketplace contains exclusive deals and savings on everything from baby food, to babysitters — all accessible in a single click.

Why Employers Choose Kinside

1

Customizable

Your employees are unique and so are their child care needs. Kinside matches them with a solution that’s the right fit for their budget, location, cultural preference and more.

2

Robust

Kinside’s platform contains the full database of every licensed child care provider in the U.S. and hundreds of thousands of data points to quickly and effectively match parents.

3

Affordable

Kinside is built for young workforces and starts at just a few hundred a month, as compared with incumbents charging more than 10x as much.
