Get COVID-Covered

A Concierge Solution to Keep your Employees and Customers Safe

www.kyla.com

Kyla's Complete Solution

Nurse Tests Employees On-site Weekly

- Mobile Fleet facilitates on-site diagnostic testing
- FDA, EUA, LDT approved diagnostic tests.
- RT-PCR Results in 24 hrs.

App Monitors Symptoms and Vitals Daily

- Vaccination Tracking
- Daily symptoms & vitals checks
- Telemedicine access to doctors
- Infection contact tracing
- Employee education on COVID & workplace safety for COVID prevention

Doctors Manage Positive Cases to Recovery

- Dozens of permanent and mobile fleet locations
- 1,000,000+ patients treated
- Already working with large national chains on testing

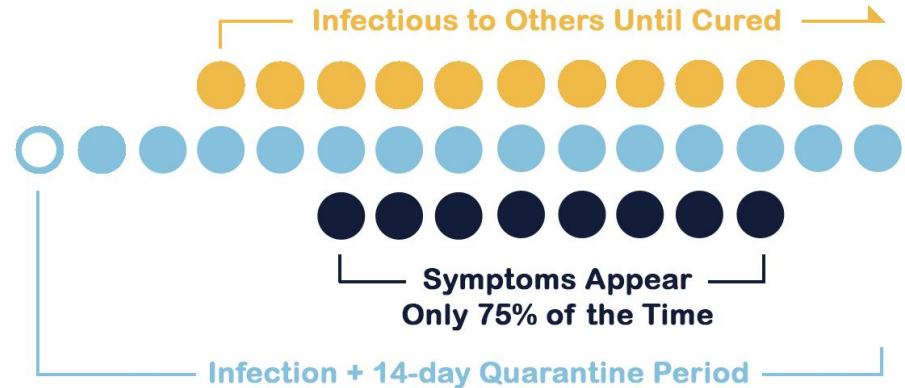

The Importance of Weekly Testing

Limit Asymptomatic Transmission

The infected individual is contagious three days after the moment of infection, but it may take up to 12 days to show any symptoms. 25% of infected individuals never show any symptoms.

It only takes only one contagious person for you to lose containment at your workplace. This can happen anytime and anywhere.

More information can be found here:
<https://www.kyla.com/info-weekly-test.html>

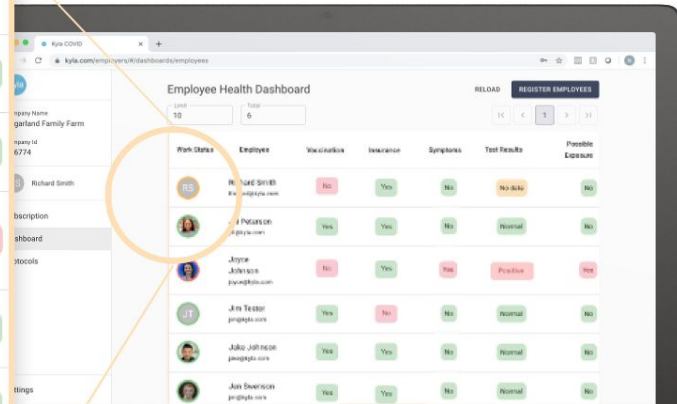

Employer Dashboard

- = Kyla App + Come-to-You Testing
- = Kyla App + Testing Referral

Inspire Confidence

Show Your Commitment to Safety:

- Kyla Passport allows each employee to show their current COVID status and last test date. Feature is useful for businesses where employees travel or need to access restricted areas.
- Your employees, business partners, customers and the general public all appreciate that you are taking COVID seriously.
- Website badges and storefront stickers available.

Manage Liability

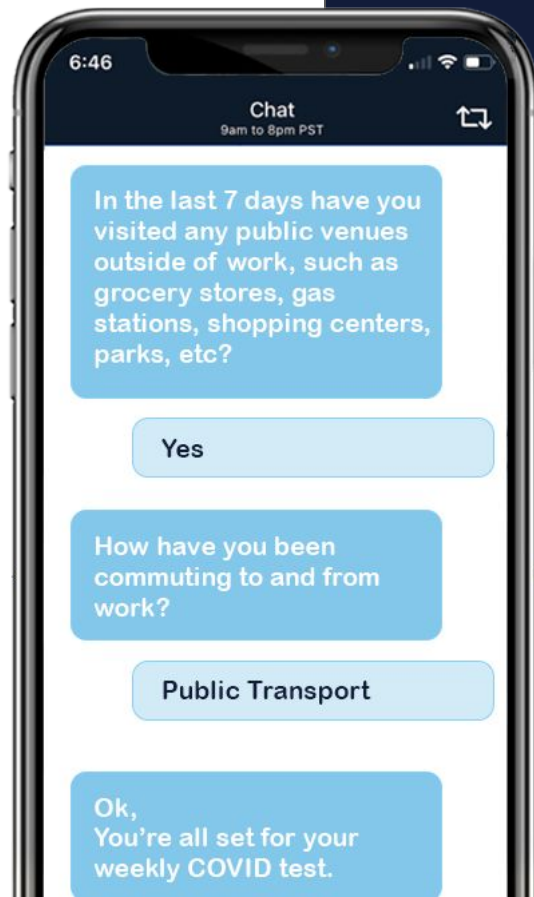

Use Data to refute workplace COVID presumptions:

- COVID workplace safety education Logs
- Symptom and Vitals Logs
- Weekly Test Result Logs
- Contact Tracing Logs
- Employees' responses regarding activities outside of workplace logs

Protocols and Resources:

- Building Preparation Protocol
- Workforce Preparation Protocol
- Access Control & Social Distancing Protocol
- Cleanliness Protocol
- Communication Protocol
- COVID Positive Protocols
- Recommended Legal & HR Experts
