

# High-Touch, High-Tech

## Benefits administration that's personal

### Who We Are

We are a service-first company made up of experienced insurance and benefits experts hyper-focused on responding to your needs and delivering transformational, end-to-end benefits administration services and technology at open enrollment, throughout the plan year, and through renewal.

» **End-to-End, Single-Source Solution**

Your single source for group benefits, with a full range of administrative services and support.

» **Transforming Benefits Since 1969**

50 plus years with a laser-focused mission to create innovative solutions that make benefits work better.

» **Market-Leading Technology**

Rules-based benefits technology to meet your specific administration needs for enrollment, clean EDI, COBRA, consumer accounts, and/or billing across carriers.

» **Our Team is Your Team**

When you need help, experienced professionals are ready to respond with high-touch, trusted service and support.

**Consolidate**  
Benefits Data

**Save**  
with Exclusive  
Carrier Arrangements

**Flexible**  
Administration Options

**Project Managed**  
Implementation

**High-Touch Service**  
Delivered with Heart

# How We Help

PPI was founded on the belief that employers with limited HR resources deserve access to affordable benefits, technology, and services that simplify day-to-day tasks and reduce overall expenses.

Whether you use our standard or enhanced services, we can improve your benefits administration experience:

- » **Any carrier that accepts 834 files** can be included on the platform for consolidated enrollment and eligibility.
- » **Exclusive carrier subsidies** offset costs for market-leading technology and a full-range of administrative services.
- » **Fully-managed implementation** with platform and carrier setup, EDI, and billing preferences.
- » **Send us an 834 file from your existing HRIS or payroll system** and gain efficiencies from cleaner EDI, combined carrier billing and COBRA administration.
- » **Keep payroll data and deductions in sync** with automated file sharing.

## Standard Services

- Web-based benefits technology
- Combined carrier billing
- 5500 filing
- COBRA Administration
- Real-time online reporting
