lower medical
costs

"This app is fabulous. We get great tips, great information, Well Guides that we can ask any sorts of questions...It's incredible to me that we have this source... It just feels too good to be true."

- Well Member

"You all do a great job in reminding me every day how important my health is. Well keeps me motivated on the days I don't feel motivated."

Leading Financial Institution Applies Consumer Science to Benefits Offering And Sees Significant Improvement to Costs, Health, and Usage

More engagement led to real impact

Whole Health Engagement	Preventive Actions	Program Usage	Cost Savings
39%	5%	2.5x	3%
improved clinical anxiety score	increase in key health measures (cancer screens)	improved targeted program usage	lower direct medical costs
It's actually educating me and helping me set goals that I've been keeping. Which in turn are helping me live healthier mentally and physically	A good way to keep health in the foreground... what healthcare should be focused on — prevention, education and being proactive instead of reactionary.	This is a wonderful app, because of the reminders finally made myself make a long overdue mammogram appointment.	Well is amazingly helpful. I love the app.
