

CERTIFIED B CORPORATION®

WhistleBlower Security Inc. is a Certified B Corporation®

The B Corp™ certification measures a company's entire social and environmental performance and allows us to identify as a company with high standards of verified social and environmental performance, public transparency, and legal accountability.

WhistleBlower Security is proud to join this community of organizations who share our belief that businesses can be part of the solution to social and environmental problems.

We believe in working together towards reducing inequality, lowering levels of poverty, creating a healthier environment, and building stronger communities.

DID YOU KNOW?

B Corps™ are businesses that meet the highest verified standards of social and environmental performance, transparency, and accountability.

There are over 2,500 Certified B Corporations from more than 130 industries and 60 countries with 1 unifying goal: to redefine success in business.

B Corp Certification is a highly selective status. Companies must document their positive impact to qualify and undergo verification every three years to maintain their Certification.

The Certification process uses credible, comprehensive, transparent, and independent standards of social and environmental performance.

The B Corp assessment process measures a company's performance in five categories: governance, workers, customers, community, and the environment.

The B Corp community works toward reduced inequality, lower levels of poverty, a healthier environment, stronger communities, and the creation of high-quality jobs with dignity and purpose.

B Corps are leaders of a global movement of people using business as a force for good™
