

# Meet Radish.

## In-person primary care visits — delivered to your workplace.

As part of our comprehensive primary care offering, Radish is pioneering the concept of Onsite Clinics at your workplace. Radish Onsite Clinics are seamlessly integrated, requiring no buildout, paperwork, waiting rooms, or disruptions to your daily routine.

Combining an onsite nurse with a virtual doctor and fully tech-enabled platform, employees can access a comprehensive range of primary care services, including annual physicals, bloodwork, vaccinations, worker's comp assessments, and other medical consultations. It's so convenient, it's like having a doctor in the family!

“

**Radish made it simple and painless to follow up with my doctor. It took just a few minutes, and saved me all the headache of scheduling an appointment and missing work.”**

**Alex Bargar**  
VP AT SIMPLE HEALTH

- Faster, more convenient access to care
- Reduces the need for employees to take time off work
- Identify and manage chronic conditions earlier
- Includes concierge care coordination for specialist referrals
- Healthier, more engaged employees
- Seamless, stress-free healthcare experience

**RADISH**

# How It Works

Radish Onsite Clinics are the easiest way to provide your employees with convenient access to healthcare while reducing costs for you and your people. We can turn any 10x10' room into a fully tech-enabled mobile medical suite that is staffed by clinicians and ready to see patients.

## Radish is minimally invasive and requires:

- + NO buildout
- + NO paperwork
- + NO waiting rooms
- + NO interruptions to the workday

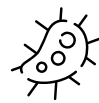

## At a Radish Onsite Clinic, employees can access a full range of medical services:

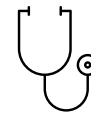

General medical consults

Bloodwork

Vaccinations

Physicals

Worker's Comp Assessments

Mental Health Assessments

COVID testing

Flu shots

“ I am truly grateful for Radish Health. This has been a life-changing experience for me. I'm a single mom with 2 jobs and have very little time for my health. Thank you for all you do at Radish and for helping me take care of my health the way I need to.”

Town of Babylon Employee  
NEW YORK

## What you need

- + A minimum 10x10' room
- + Secure WiFi connection

## What you need

- + Everything else. No really... everything else.

# Getting started

Radish is quick to deploy and easy to use. We can onboard your employees and have them up and running in a week, with minimal burden on HR teams. Invest today to save tomorrow!
