

# Fully-Integrated Complex Condition Management from Diagnosis to Recovery

With solutions that improve the quality, safety, and affordability of care, TurningPoint is reimagining the way patients, payers, and providers manage complex conditions. Through our collaborative clinical expertise and provider support, we're able to connect members with the treatment that's right for them and effectively manage the entire patient journey.

**Guided by deep clinical expertise and thoughtful member engagement, TurningPoint can bear full financial risk across a set of complex clinical conditions.**

TurningPoint manages your most complex medical conditions by providing **predictability** and **guaranteeing savings**.

**42<sup>M+</sup>**

lives managed
