2 out of 3 employees engaged in program

93% say program positively impacted their decisions

SUPPORTING EMPLOYEES SINCE 2008

Trusted by employees and admins alike

“Very helpful in being cognizant of my health and staying mindful of decisions made regarding health for myself and my family.”

“The program is very good at bringing attention to health which can be easy to ignore with a busy schedule!”

-Program Users

“The activities and mindfulness activities make me think about health in more ways than just a number on the scale.”

“I appreciate how the platform holds me accountable, and I love that my employer offers incentives that are out-of-the-box ideas.”

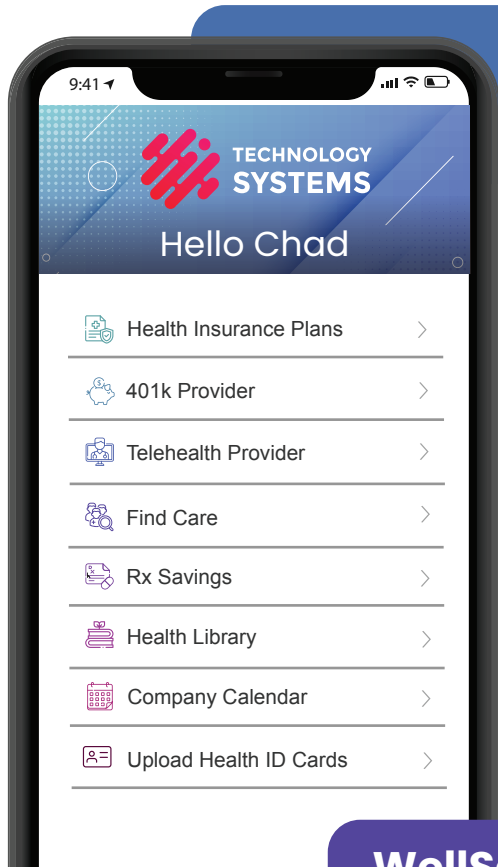

“Without Motion Connected HR would struggle to piecemeal together a program and employees would have to use different platforms to track data, view benefit resources, and compete in challenges.”

- ✔ Simple to deploy & manage
- ✔ Ability to grow & phase over time
- ✔ Customer care throughout

BenConnect

Empower better benefit & healthcare consumers

Promote cost-saving strategies

This program covers all the insurance and healthcare cost-savings strategies, including understanding the basics, choosing the most affordable care options, staying in-network, shopping for prescriptions and more.

Centralize your most important resources

Our benefit resource hub helps reinforce smart consumerism 24/7. It features the the most cost-effective tools and plan information available to support employees as they navigate care.

Reward & engage year round

Utilize our healthcare literacy course and monthly engagement missions to educate & incentivize on the most impactful healthcare & insurance topics throughout the year.

WellSelect

Create a true foundation of health and wellbeing

Reward healthy behaviors

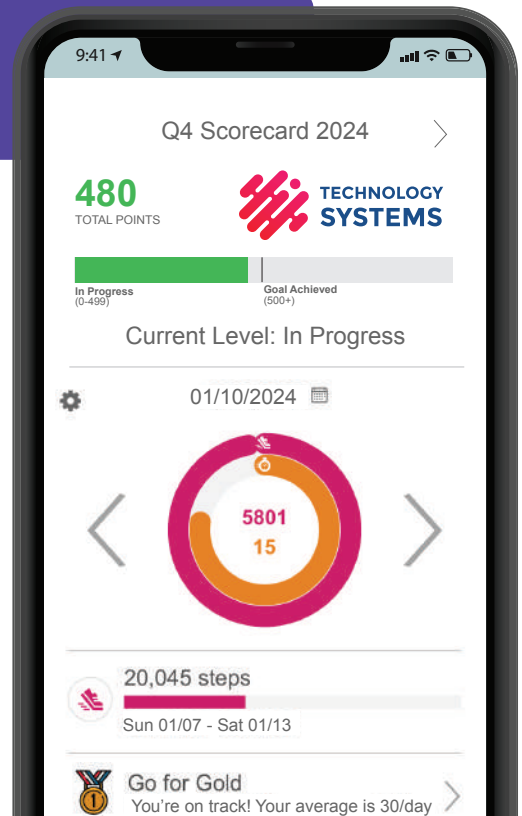

Reward employees for their healthy action using our motivating points scorecard. Our simple program framework makes it easy for employees to track and monitor their progress.

Promote daily activity

Use our best-practice challenge calendar to ensure fun & engagement. These themed challenges run automatically, or you have the option to build your own at anytime!

Teach them something new

Written by our team of health experts and delivered automatically, our approachable health content helps employees develop new habits & skills in important areas of their life like nutrition, physical, mental and more.
