# How Navvisa Works

1. If you or a family member are facing cancer – as a patient or a caregiver for a loved one – **register** at <https://navvisa.com/register>.
2. Navvisa **matches** you to a licensed oncology nurse, who will serve as your personal navigator throughout your entire cancer journey, from diagnosis to survivorship.
3. We'll **answer** your questions, **explain** treatment plans, **manage** symptoms, and **prepare** you for doctor appointments.
4. Our oncology nurses will **remotely attend** your doctor appointments, and together we'll identify and communicate your questions, concerns, and priorities to your clinicians.
5. The impacts of cancer can be wide ranging with many unexpected hurdles. We'll **connect** you to resources for your clinical, logistical, emotional and physical needs.
6. **Communicating** with your Navvisa nurse is easy. We're there for you whenever questions or challenges arise—via phone, secure messaging, and video.
7. We support you every step of the way!

*“When I got side effects from chemo, my Navvisa nurse helped me resolve the issues quickly, and I avoided going to the ER.”*

*– colon cancer patient*
