

Telehealth Works Best When It Works For Everybody

WHAT IS CIRRUSMD?

CirrusMD has built a more modern Virtual Primary Care solution that aligns with the way your employees actually live today. Care is:

Immediate	Every employee connects to a live, licensed doctor within 60 seconds
Personal	The entire care experience is with a physician; no bots
On-demand	No appointment scheduling, intake forms or need to find a private location; especially convenient for deskless workers in industries like retail, education, manufacturing
Familiar	Employees are well-versed in using text; even rural workers without broadband can access care via text
Longitudinal	Care becomes part of a continuum; CirrusMD physicians can provide inbound or outbound follow-up care
Equitable	Every employee can receive equitable access to on-demand care, right on their smartphone
Cost-effective	Pricing model allows patients unlimited physician consultations over 7 days; patients can return for follow up questions or to report changes without employers paying extra — even for behavioral health

WHAT IS CIRRUSMD USED FOR?

- Behavioral health
- Chronic condition management
- Primary care
- Urgent / acute care needs
- Women's health
- Children's health
- Lab orders
- Medication management
- Health- and wellness-related questions

WHO NEEDS CIRRUSMD?

Human resources and benefits leaders are working hard to address the changing workforce, striving to create safe work environments, while simultaneously staving off employee resignations. Today's employees want better care, greater access, and more complete benefits than ever before.

CirrusMD answers the needs of HR and benefits leaders, their workforce and their executive team. We make it:

- ▶ Easier for HR to connect employees to whole-person care
- ▶ Convenient for all U.S.-based employees, no matter where live or they do their job
- ▶ On-demand when the employee needs it
- ▶ Seamlessly integrated with plan design to access other available resources and point solutions
- ▶ Affordable for a bottom line result we'll guarantee

RESULTS THAT MATTER:

CirrusMD is the proven solution to address the rising cost of care while balancing equity and access for all employees.

CirrusMD delivers:

93% employee satisfaction

18% employee utilization rates

83% of encounters are resolved on the CirrusMD platform

\$398 average savings per encounter
