

Team-Building Campaign with atlasGO

Community Building

Get employees sweating, volunteering, and donating together in **private** challenges.

A common goal

Take responsibility and engage your employees in a positive change. Have an impact today.

Analytics

Get your own dashboard to see the campaign at a glance and receive a **challenge end report**.

Choose from one or multiple of our campaign types:

Wellness challenges

Focus on mental health and wellbeing!

Giving challenges

United for a good cause!

Environment challenges

Make sustainability a priority!

How does atlasGO Work?

Challenge Announcement & Launch

You choose what activities you want, which cause you want to support and how long you want the challenge to last. atlasGO sets everything up for you on the app & web dashboard.

Engagement on the platform

Employees can get into teams, high five each other's posts and share sweaty selfies along the way!

Employee campaign Dashboard

Follow live how the campaign is doing on any screen, share it around the office for extra motivation!

Employees sweat for the cause

Help your employees become changemakers and move for a cause of your choosing. Your campaign can focus on their well-being or go further by supporting a social or environmental cause.

Milestones, push notifications & newsletters

You choose your milestones and employees get tailored notifications and newsletters

Reporting & Statistics

We create a report for you at the end of the challenge so you can share the engagement from your campaign!
