

# Employee Engagement Campaigns with atlasGO.

## Community Building

Get employees sweating, volunteering, and donating together in *private* challenges.

## Social Responsibility

Take responsibility and engage your employees in this positive change. Have an impact today.

## Analytics

Get your own dashboard to see the campaign at a glance and receive a *challenge end report*.

## How does atlasGO Work?

### Challenge Announcement & Launch

You choose what activities you want, who the charity partner is and how long you want the challenge to last. atlasGO sets everything up for you on the app & web dashboard.

### Employees sweat for the cause

Help your employees become changemakers and move for a cause of your choosing

### Engagement on the platform

Employees can get into teams, high five each other's posts and share sweaty selfies along the way!

### Milestones, push notifications & newsletters

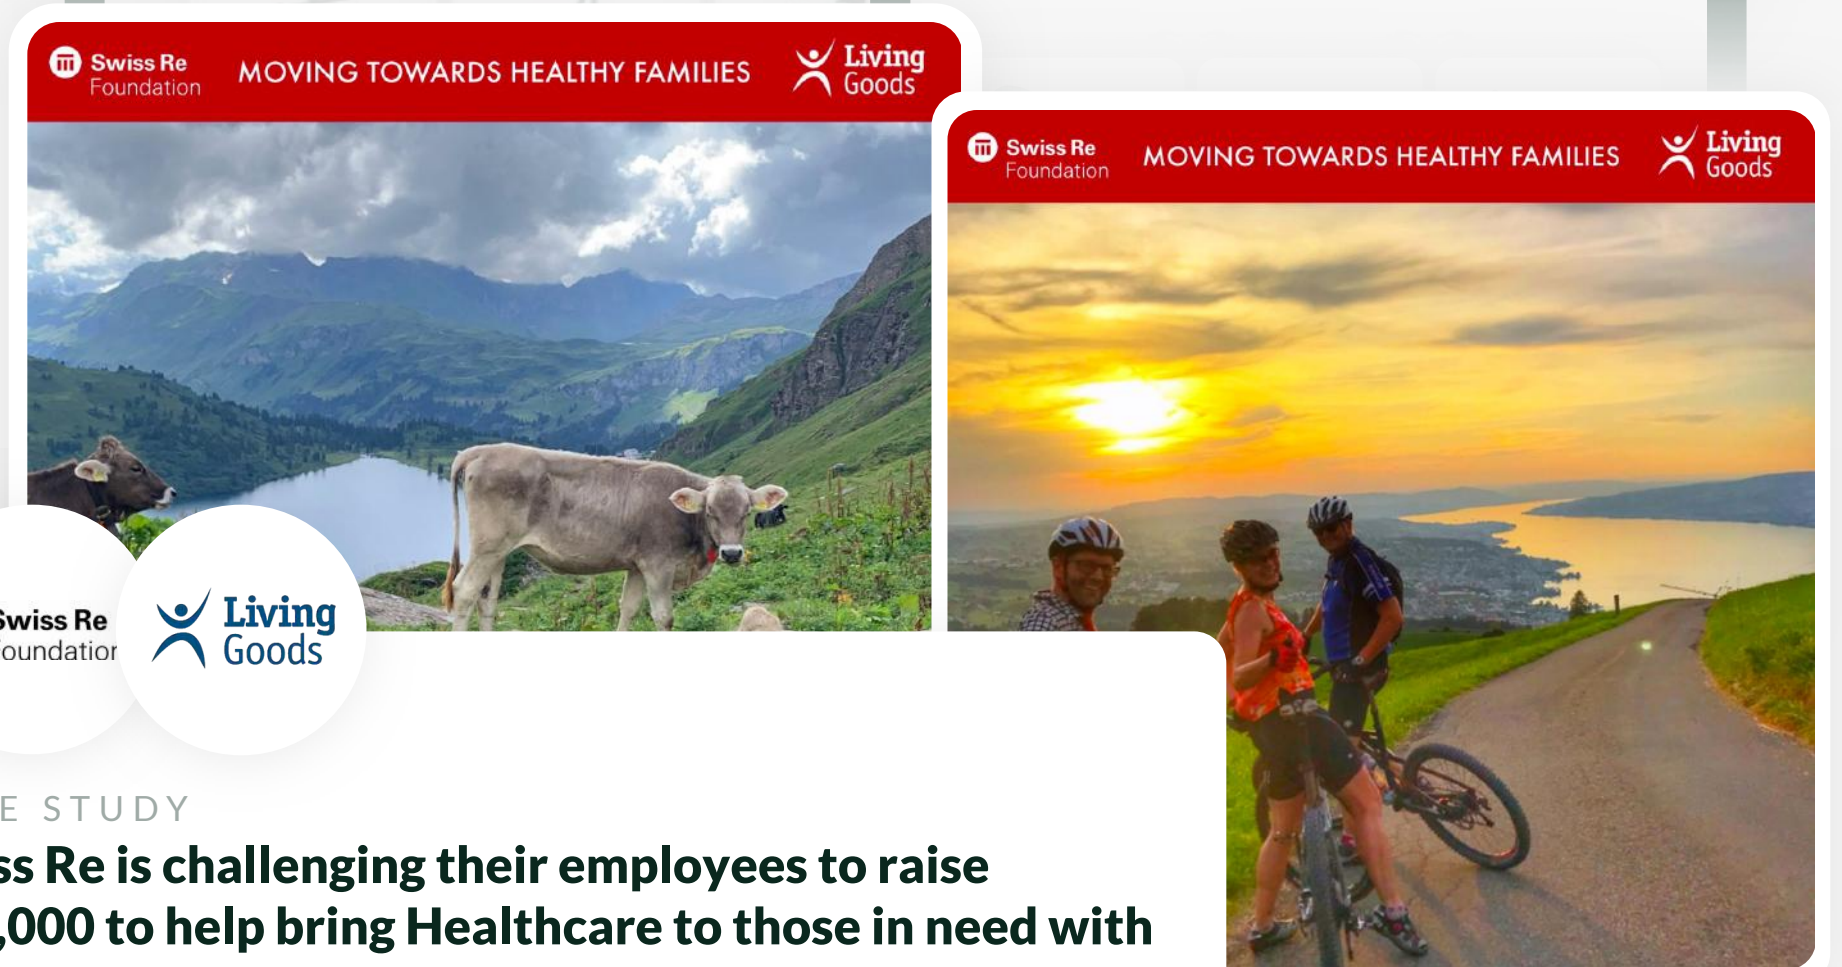

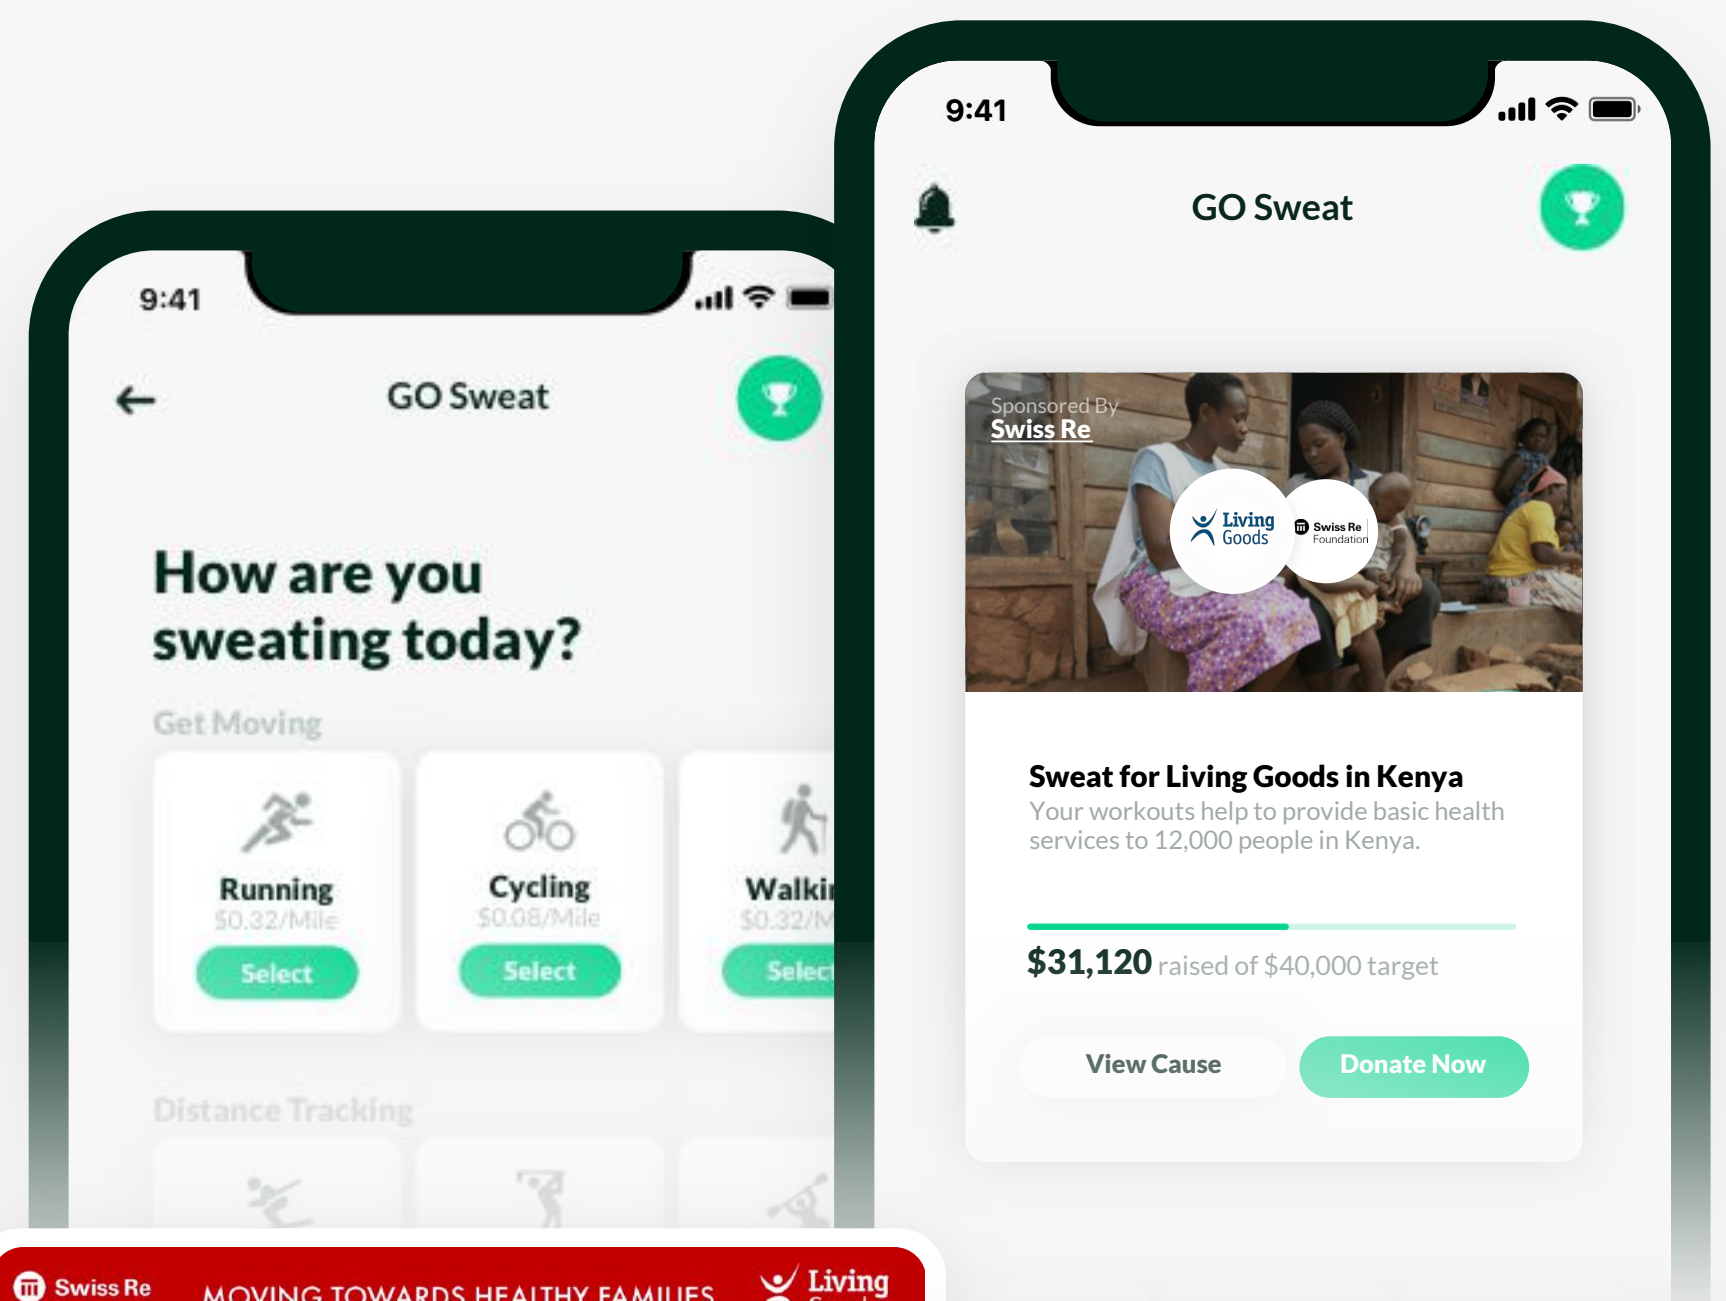

You choose your milestones and employees get tailored notifications and newsletters

### Employee campaign Dashboard

Follow live how the campaign is doing on any screen, share it around the office for extra motivation!

### Reporting & Statistics

We create a report for you at the end of the challenge so you can share the engagement from your campaign!

#### CASE STUDY

**Swiss Re is challenging their employees to raise \$40,000 to help bring Healthcare to those in need with Living Goods. Employees can run, hike, bike, and more!**

## Our Partners
