

Employees are at the Heart of Everything PERKY

PERKY's goal is to provide benefits education and empower employees on their benefit decisions. Here are some of the ways we were able to help employees in the 2022 fall enrollment season, most groups in a self-serve environment:

92% of employees said they found value in PERKY.

88% of employees would recommend PERKY to a coworker.

87% of employees are more confident about their benefits after going through PERKY. We want to empower employees to select benefits they feel confident and comfortable with.

65% of employees who used PERKY did not need to reach out for additional assistance on selecting their benefits. PERKY was able to answer the majority of questions employees had about their benefits within the digital guide. We know everyone's time is valuable.

79% of employees found PERKY helpful.

11-13 minutes — average time an employee spends within PERKY.

42 years old — average age of a PERKY user.

Top 5 reasons employees decided to complete PERKY

- 1 My employer recommended it or incentivized me to
- 2 I wanted unbiased advice on my benefit options
- 3 I needed help with my benefits
- 4 I preferred this over asking my HR or benefits resource in person or email
- 5 I was able to share this resource with my spouse and discuss

Organizations who leveraged PERKY are from a variety of industries including manufacturing, education, municipalities, and professional services.
