

Circle Wellness has over 25 years of corporate wellness experience. Whether you are starting from scratch or wanting to add pieces to an already existing wellness platform, Circle can help with customized solutions that impact the bottom line.

You'll also find we offer the greatest flexibility with wellness benefit options, costs, and willingness to interface wellness information with claims administrators, DM vendors, on-site clinics and other benefit providers. We even help complement other wellness vendors and their offerings.

Solutions for all your wellness needs
