

ALEX GO

In-depth decision support for every benefit and every employee.

We know one size does not fit all—each employee has their own preferences and needs. That’s why ALEX includes a text-based, fast-path benefits experience—in English and Spanish—to give employees the flexibility they deserve.

WITH ALEX GO, EMPLOYEES CAN:

- ✓ Discover their best-fit benefits—including supplemental offerings—at their own time and pace.
- ✓ Build out a family member’s health plan to compare against their own options for more confidence in their decisions.
- ✓ Interact with video content, calculators, and gamified tools—including an HSA forecasting feature that takes all the guesswork out of HSAs.
- ✓ Use single sign-on (SSO) for an even more personalized user experience.

See how ALEX provides benefits experiences to engage every employee.
