80%

80% of participants **access their test results digitally****

*Study conducted by a national health plan and EHS customer 2018/2019
**EHS data from partnership with a national health plan customer 2018-2019

Engagement	Diagnosis & Care	Insights & Data	Operations
Digital platform to drive engagement and result more tests	Clinical support and care coordination	Real-time program insights	Efficient and scaled fulfillment and labs
Best-in-class testing experience	Telehealth	Results platform	Fulfillment
Multi-modal communications	Clinical oversight	Lens enterprise portal	Lab management

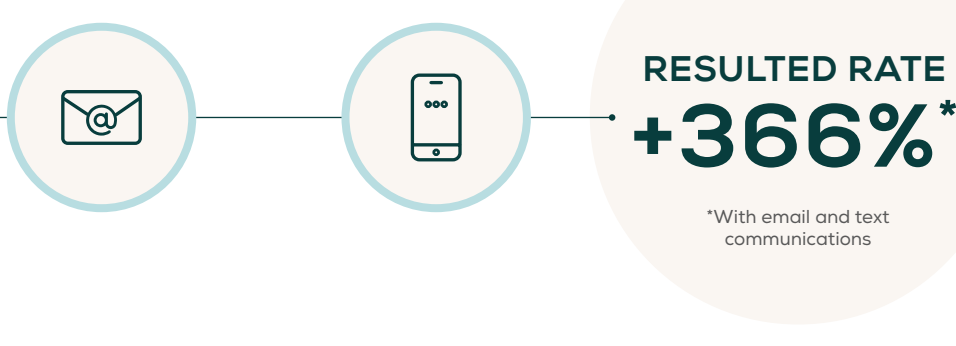

How it works

- 1 Understand**
We pinpoint target populations and provide appropriate testing solutions
- 2 Engage**
We create an omnichannel engagement strategy to drive participation
- 3 Connect**
We handle the logistics and distribute at-home lab tests to employees via existing EAP or through a custom portal
- 4 Inform**
We can provide de-identified reporting back to the employer and employees' individual physicians
- 5 Care**
We close the loop by coordinating follow-up care and referrals when necessary

We know how to create a wellness program employees actually use

Through a custom engagement strategy, Everly Health Solutions increased a university's resulted rate by 366%.*

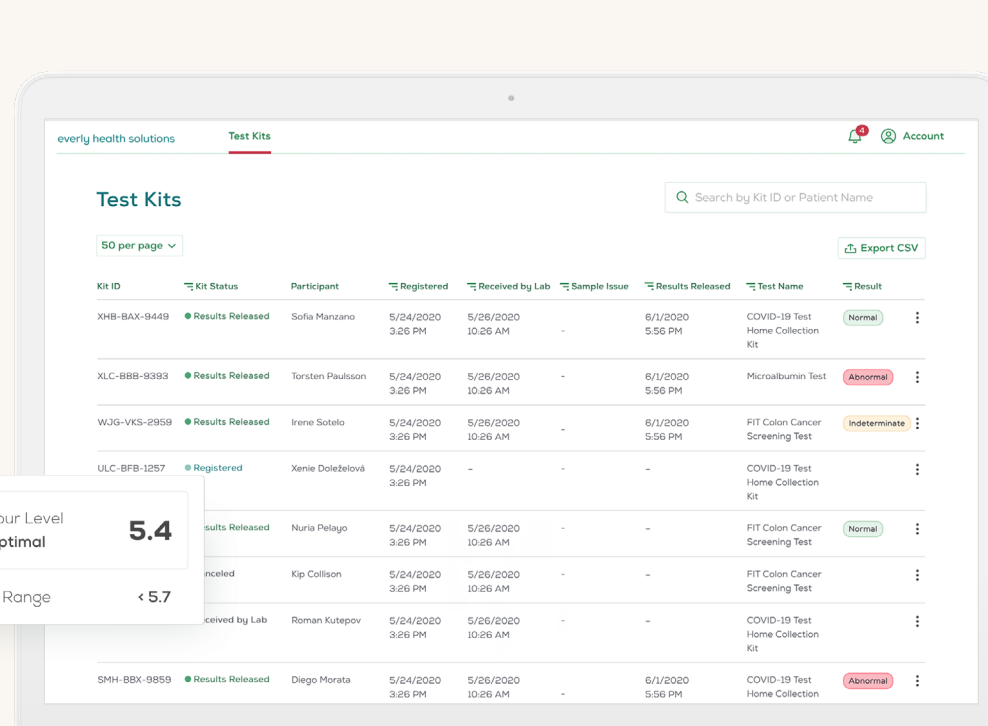

"Great customer service, excellent follow-through and responsiveness to our questions about test kits."

- EVERLY HEALTH SOLUTIONS CUSTOMER

"The registration process was easy and participants appreciated that Everly Health Solutions would send text alerts on the status of their tests."

- KIMBERLY SESSIONS BROWN, ED.D. ASSOCIATE VICE PRESIDENT OF OPERATIONS & CAMPUS INITIATIVES AT SAMFORD UNIVERSITY

An easy to launch digital solution for you and your employees

For Employees

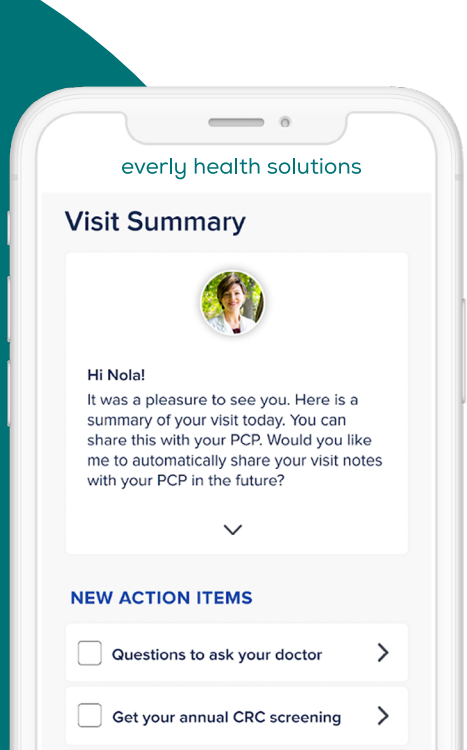

- Order tests through the organization's unique Everly Health Solutions webpage
- Simple instructions make at-home collection easy
- View and keep their data

For Your Organization

- Ship tests directly to the participant's home
- Lens enables viewing of each participants test status, if preferred
- Multi-channel reminder communications and programmatic support
