KEY FEATURES + MORE

TRACKING

Leva makes it easy to track nursing, pumping, bottles, diaper, baby's growth, and milestones. Knowing this information provides peace of mind and keeps you on track for doctor's appointments.

PROFILES

Babies' profiles include their key information such as due date, birth date, upcoming milestones, and growth information. Get support for your baby's development. Mom's profile allows her to select her interests which drives relevant content.

ESSENTIAL READS

Articles cover all topics important to new parents: sleep, nutrition, feeding, career, and much more—over 300 scientifically researched, fun-to-read articles. Searching makes content discovery a breeze.

MEDITATIONS

Enjoy a library with 100+ meditations proven to decrease anxiety and depression while increasing emotional intelligence and milk flow. Created specifically for working moms.

ON DEMAND VIDEOS

Access prenatal & postnatal yoga and pilates classes; breastfeeding positioning and latching demos; formula feeding tips; career reintegration classes; and mental wellness classes all on demand.

LIVE SUPPORT

Users can book live one-on-one meetings with certified coaches and receive personalized support from the comfort of their home or office. Our consultants cover lactation, perinatal fitness, wellness, sleep, and career advice.
