

DARIO DIGITAL THERAPEUTICS SOLUTION

Diabetes and Hypertension

MAKE THE RIGHT THING TO DO THE EASY THING TO DO

Managing chronic conditions isn't easy. Poor self-care, due to time constraints, cost burdens, and technology barriers, contributes to poor health outcomes and even greater medical costs for so many.

DarioHealth offers a new approach to support your employees, with highly personalized programs that combine easy-to-use digital tools with personal coaching to facilitate sustainable behavior change.

EMPOWER EMPLOYEES TO CHANGE THEIR LIVES FOR THE BETTER

Because DarioHealth is personalized for each user to support individual needs, the path to better health finally becomes the path of least resistance. And that means healthier, happier, and more productive employees.

BETTER HEALTH STARTS WITH DARIO: OUR NEXT-GENERATION PERSONALIZATION FITS SEAMLESSLY INTO EMPLOYEES' LIVES.

The DarioHealth solution includes a state-of-the-art blood glucose monitor for diabetes, a blood pressure monitor for hypertension, the award-winning MyDario™ mobile application, and professional coaching. All the components are integrated to deliver a simple, coordinated, and motivating experience that drives real behavior change:

- Simple food and activity tracking
- Measurement data
- Personalized nudges and motivation
- Resources, videos, and other content
- Apple and Google Health data
- In-app chat and human health coaching
- Integrated behavioral health support
- Performance rewards

“Fantastic customer service. Nice device! Dario customer service gets an A++.”
- J.R., Dario member

IMPROVED EMPLOYEE HEALTH IS GOOD FOR BUSINESS

Employers benefit from Dario's digital therapeutic solution just as much as their employees do. As DarioHealth partners with you to help your employees manage and improve chronic conditions, clinical outcomes improve. This leads to more healthy days, fewer absences, and increased productivity.

One Platform

The DarioHealth platform is designed to integrate with other health solutions, making it easy to scale across your unique population needs.

Adaptive Behavior Science

15 studies with validated results demonstrate the sustained clinical outcomes that make DarioHealth solutions the ultimate in value-based care.

Deep Data Analysis

More than 5 billion data points annually inform DarioHealth's program analysis, delivering rich insights to drive engagement and help you understand employee program results.

Proven Results

DarioHealth solutions learn and adapt to each individual's needs and preferences over time, to more effectively drive behavior change when it matters most.

Dynamic Personalization

Member care journeys are continuously tailored across the six domains of Personalization – timing, tone, channel, content, frequency and intervention – so each person can overcome challenges and stay motivated at every step.

EASY TO LAUNCH

DarioHealth's low friction, scalable approach to implementation makes it easy to give the best-in-class digital therapeutic solutions to your employees.
