

Comprehensive add-ons for added clinical support

PREMIUM SERVICES

In addition to our expert, compassionate concierge services, TouchCare offers add-ons with a clinical component that keep your employees healthy and reduce costs for your business. Our add-ons provide your employees solutions for telemedicine, teletherapy, medical second opinions and more.

OE Premium

www.touchcare.com/oe

Open Enrollment premium provides your employees with unlimited access to personalized benefits guidance that pairs AI-powered technology with concierge services by healthcare experts. Employees can get scored plan recommendations in mere minutes!

VirtualCare

www.touchcare.com/vc

With the push of a button, VirtualCare connects members with a licensed physician who will evaluate and treat their symptoms virtually. VirtualCare combines world-class technology and innovation with compassionate, virtual medical care. Providers are available 24/7/365.

MindCare

www.touchcare.com/mc

MindCare provides your employees access to licensed therapists who can be seen in a matter of days, not weeks or months. MindCare provides access to high-quality, convenient and confidential mental health services, so members can get the support they need, while improving the health of your bottom line.

MD Opinions

www.touchcare.com/md

MD Opinions provides your employees access to world-renowned doctors in a variety of specialties and sub-specialties. When they are unsure about a diagnosis or need help deciding on a treatment plan, we're here to help them make an informed decision.

TC Blue

www.touchcare.com/blue

With TouchCare Blue, members have unlimited access to our full range of add-on services and more. Blue members and their families have a dedicated Health Assistant who can assist with coordinating teleleath, teletherapy, clinical second opinions services, and more.
