

The Thrive Account.

A DIGITAL SPENDING ACCOUNT FOR EMPLOYEES

The Thrive Account helps you manage benefit stipends by providing one-time or recurring funds to your employees. We offer over 100 customizable spending categories so you can best support your team!

How do my employees use their funds?

Submit Reimbursement Requests

The Thrive Account makes the reimbursement process easy and efficient for you and your employees. Our support team reviews each reimbursement, ensuring every purchase is verified. We support direct deposit, PayPal, and digital gift card reimbursement options.

Popular Use Cases

Wellness	Fitness
Family Support	Charity
Work From Home	Childcare
Mental Health	Travel

Shop the ThrivePass Marketplace

The ThrivePass Marketplace is an e-commerce storefront and serves as a place to shop for discounted products, services, digital apps, subscriptions, and gift cards. Gym membership and online classes are among the most popular purchases.

How does it work?

- 1. Wallets & Funds:** We'll work with you to set-up your Thrive Account where you select one or more wallets. For each wallet selected, you set the budget and funding frequency: one-time, monthly, quarterly, or annually. Payments can be automated.
- 2. Spending Categories:** Each wallet contains spending categories you can choose to enable as eligible expenses.
- 3. Launch & Monitor:** We'll provide access to reporting that provides insight into employee engagement and trends in spending. We also send monthly reports for tax purposes.
