

Benefit Harbor...
A partner committed to
Delivering world-class results to
You, your clients and their employees

Benefit Harbor Advantages

Our team brings depth of experience, unrivaled innovation and unwavering integrity to create distinctive value and achieve each employer's unique objectives.

Proprietary Technology

Scalable and extremely flexible benefits system, built to serve the industry's most complex challenges.

Partner Centered

We are committed to full transparency and collaboration. We sell and service through brokers exclusively.

Tailored Solutions

We exist to support your strategy. Our omni-channel support capabilities can be deployed with unmatched precision and timeliness.

Full Autonomy

Founder owned and founder led, our associates are empowered to do the right thing at all costs.

An Industry-Trusted Technology Platform

Our platform enables carrier partners to deliver differentiated products in a personalized way.

(PARTIAL LIST)

Unique Customizable Solution

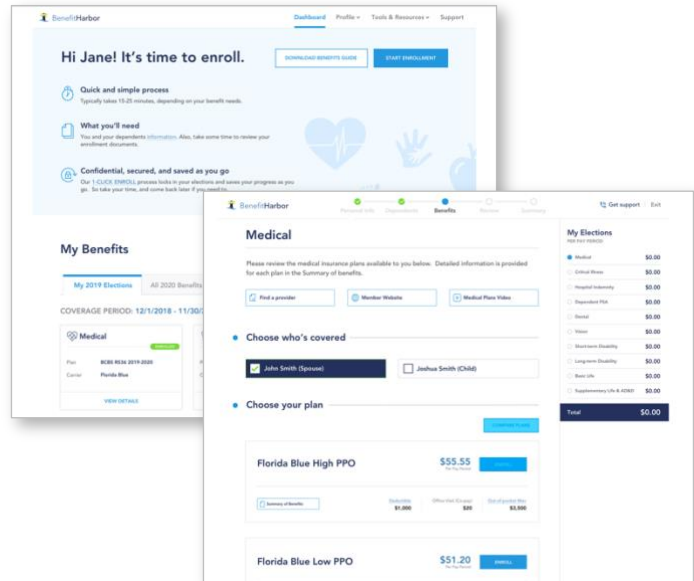

Our single-source platform provides accurate and seamless data transmission to deliver enhanced administration and operational efficiencies.

Engaged Enrollment – Whether using our consumer-centric self-service portal or speaking to our call center, employees will receive an exceptional and informative enrollment experience

Data Integrity – Data security, quality and timeliness is our top priority. We integrate seamlessly with all payroll providers and group carriers to ensure quality throughout the process.

Robust Administration – Our administrator portal provides extensive reporting and plan management capabilities

Streamlined Implementation – Account Team leads you through the 4-6 week process and remains on as long as you are our customer.

Key to Success

Flexibility

As employers adapt their benefit strategies to serve an increasingly complex and diverse workforce, they need a partner with the agility to adapt to an ever-evolving set of needs. Our single-source platform provides infinite scalability allowing employers to serve the needs of the entire workforce.

Trustworthiness

When brokers endorse Benefit Harbor, they are placing immense trust in our ability to deliver world-class results for their customers. We do not take that trust lightly. Trust is earned by delivering consistently exceptional results over time. We are proud of our 20-Year track record of delivering for our partners.

Role Clarity

We serve employers and brokers with world class benefit administration tools and resources. By removing the common challenges associated with benefit administration we allow them to better serve their employees with an expanded benefits portfolio.
