

Bluebook CareConnect™ Saved Cheryl \$70,000

By identifying an alternative high-value provider, Cheryl's procedure was performed at a higher quality facility for a better price.

Let's Talk →

A portrait of Cheryl, a Black woman with short hair, smiling warmly. The image is in a light blue, semi-transparent style.

Cheryl originally scheduled her aortic valve replacement with a low-quality, high-cost facility. Bluebook CareConnect found a high-quality provider that charged a Fair Price™ for the procedure and took care of all the details to schedule her care.

Bluebook CareConnect™ Saved a Member \$70,000

By identifying an alternative high-value provider, Cheryl's procedure was performed at a higher quality facility for a better price.

Procedure

Cheryl originally scheduled an aortic valve replacement with a low-quality, high-cost facility.

Member Savings

Bluebook CareConnect helped Cheryl switch to a high-quality Fair Price™ surgeon, which saved her more than **\$70,000**.

We'll take care of all the details

With Bluebook CareConnect, members are assigned a concierge to guide them through every step of their care journey from identifying high-value providers to scheduling the procedure and transferring medical records.

Let's Talk

If you're in need of a high-cost or complex procedure, let Bluebook CareConnect relieve you of the stress and guesswork of finding the best care for your needs by guiding you to high-value in-network providers, extraordinary cost savings, and restored health.
