"bswift is truly an extension of our benefits team, our first line of defense when it comes to our employee needs."

— VP of Health and Welfare, Omnicom Group

bswift will help you and your employees be ready for the future. Let's talk.

"Our team at bswift understands us; they know the personalization that we require. They know the touch that we like to have with our employees and they are able to accommodate everything that they possibly can."

— Senior Manager of Benefits, Texas Roadhouse

Backed by compassionate service

We supplement our technology with compassionate and responsive service to help your employees when they need it most. With several service center locations and multilingual support, our staff is trained in employee benefits, insurance, HIPAA compliance and customer service. During enrollment, we can answer those tough benefits questions. The rest of the year, we help employees manage life events, documentation and more. With many service options available, you'll find what fits your organization best.

A secure experience, end-to-end

Today, tens of thousands of employers use bswift, with 16 million total lives on our platform. Our continual reinvestment in our single platform helps guarantee that your company's benefits strategy and member data are protected. Through a combination of technology, compliance and policies, we monitor and safeguard your data 24 hours a day, 7 days a week.
