

Performance-Based Pharmacy Solutions

Independent and non-biased, PillarRx's approach to Pharmacy Benefit Management reflects real performance. Our practical guidance can help you to maximize financial outcomes, eliminate pharmaceutical waste and abuse, and increase member satisfaction.

Consulting Services

We analyze your current pharmacy benefit spend and determine cost-containment and cost-savings opportunities based on the ever-changing pharmacy industry.

IPC Copay Assistance

We capture available savings utilizing a concierge member service model to offset employee and plan sponsor cost. We are realizing savings in excess of 20% of overall specialty spend.

Auditing Services

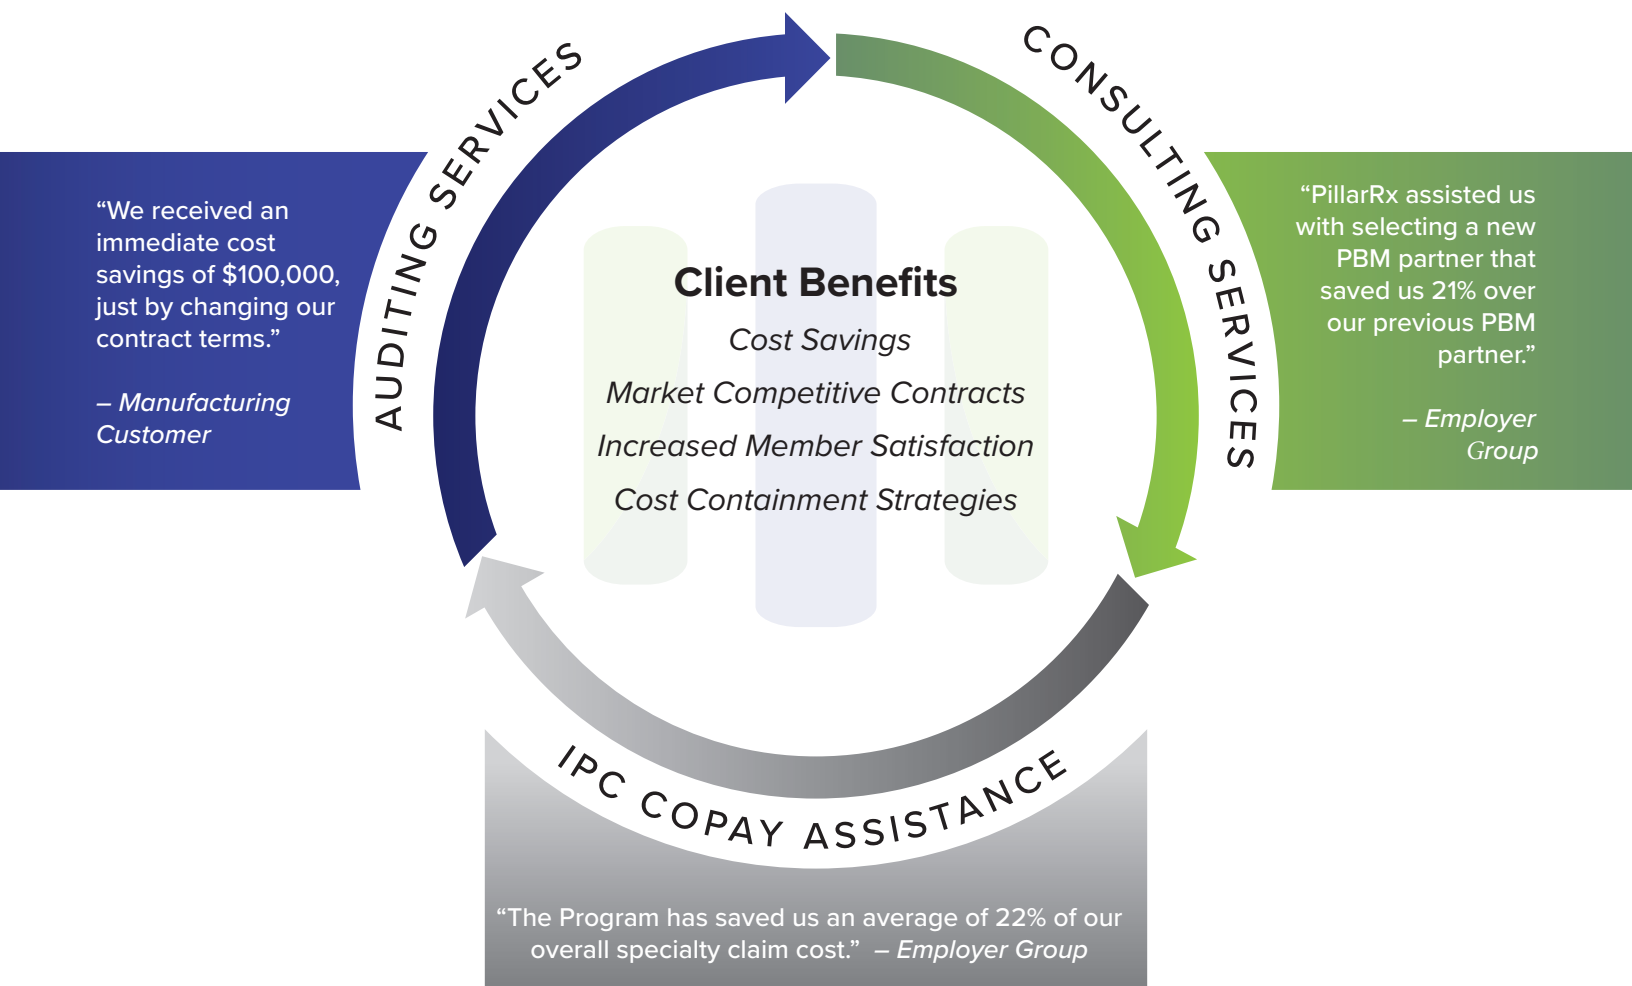

We work to validate your Pharmacy Benefit Management performance through 100% verification of pharmacy claims to support an optimized and successful pharmacy services contract.

We strive to provide the most comprehensive solution for your pharmacy needs.

We work to effectively control prescription drug costs and use our forward-thinking strategies to break down silos and drive efficient interaction across the pharmaceutical supply chain.

Integrated Service Offering

Factual, Data-Driven Pharmacy Benefit Management
