

## GlobalFit Rewards™ *The right fit for your population*

GlobalFit Rewards™ is an integrated fitness reimbursement solution that increases wellness program engagement by rewarding participants for investing in their own health. Our flexible solution is responsive to the needs of the individual but can be configured to fit the business goals and culture of the organization. GlobalFit Rewards makes it easy for you to deliver the reimbursement your employees have been asking for.

### The Power of Choice

GlobalFit Rewards delivers a flexible design and customizable reimbursement solution that can be expanded to include all types of reimbursement such as smoking cessation programs, wearable devices, financial wellness classes, weight management programs, group fitness classes and chronic disease management programs.

### WHY GLOBALFIT REWARDS?

- Our validation process verifies eligibility, proof of purchase and attendance.
- Whether it's points, gift cards or cash, we can track, process, and deliver the right rewards at the right time.
- Wearable and activity app integration allows you to meet your employees at their current level of fitness.
- Our flexible design makes it easy to configure requirements for eligibility, content and proof of activity.
- GlobalFit Rewards provides turnkey administration of reimbursement for gym memberships and personal device use while integrating with your core health and wellness programming and incentives.

## GLOBALFIT REWARDS OFFERS YOU:

### **Easy Implementation**

GlobalFit Rewards requires minimal set-up, offers flexible plan design and reporting options, and can be configured with other health and wellness solutions.

### **Flexible Program Design**

You determine what activities are eligible, how much, and how often to reimburse and GlobalFit Rewards does the rest. We can process reimbursements for any gym, fitness center, studio, or wellness activity.

### **Access Anywhere, Anytime**

GlobalFit Rewards can be accessed securely online 24 hours a day through our responsive web application. Participants can check reimbursement status, upload receipts, and submit proof of attendance for boot camps, outdoor events, and classes right from their PC, tablet, or smartphone.

### **Enhanced Validation & Tracking**

Geo-access facility check-in allows for real time tracking of gym visits through any tablet or smartphone. GlobalFit Rewards integrates with most wearable devices and fitness apps allowing participants to track activity minutes or step counts for rewards or device reimbursement.

### **Streamlined Processing**

Delivers an automated, streamlined reimbursement solution leading to decreased administrative costs, faster processing and reporting.

### **Multiple Options For Reward Distribution**

GlobalFit Rewards handles reimbursement payments for you through direct deposit, American Express Gift Cards, or we can provide files for your use.
